Greetings:

1989 will mark Montana's 100th anniversary of admission to statehood. Planning for this important event is underway: I have appointed a Centennial Commission, the Lieutenant Governor has staffed a Centennial Office, and a volunteer citizen network called "The Eighty-Niners" is helping to identify options and opportunities for the commemoration.

The Montana Centennial Acre program launches our fundraising efforts. Pictured on the front cover is the Missouri Headwaters State Park, which offers extraordinary historical and recreational features. On the promontory, the first in a series of specially designated Centennial Acres has been "staked out."

Personalized deeds symbolizing an interest in square-inch parcels of the Centennial Acre may be purchased, with the proceeds going to support Centennial activities statewide. The deeds make a great gift for residents and visitors alike, as "an investment in the last of what is best in America."

Information about the Centennial Acre program—as well as centennial planning, in general—is available from the Montana Statehood Centennial Office, P.O. Box 1989, Capitol Station, Helena, MT 59620 or by calling 406/444-1989. Get involved!

Sincerely,

TED SCHWINDEN
Governor

GENERAL INFORMATION

STATE TELEPHONE NETWORK (STN) USAGE

State telephones and the State Telephone Network (STN) are provided for the conduct of State business during regular State business hours. Agencies will formulate and adopt policies to restrict the use of State telephones to State business only.

All STN calls are recorded with originating number, time of day, number dialed and length of call.

All in-state and out-of-state calls made on the STN are billed to the initiating party. STN calls are costed as a function of existing Direct Distance Dial (DDD) rates (duration and distance) discounted by the State based on current network costs. Any calls made DDD are billed at the prevailing non-discounted rates.

NETWORK TROUBLE REPORTS

REPORT NETWORK RELATED TROUBLE CONDITIONS TO 444-4455, or 444-2586.

SERVICE ORDERS FOR HELENA AGENCIES

TELEPHONE SERVICES REQUEST forms are required for installation, modification, relocation, removal or other changes to your service and should be submitted to the Telecommunications Bureau at least 30 days prior to date of change. This will allow both technical and financial options to be reviewed and ensure accurate processing of the service request. Forms are available from Property and Supply, 930 Lyndale, Helena, MT. 59620.

LOCAL GOVERNMENT PUBLIC WORKS PROGRAM ASSISTANCE INDEX

This topical index helps directory users find out "who does what" in state government for various types of public works facilities. Under each type of public works (heading) all state agency programs are listed which:

1. Grant or loan money for the facility; or
2. Provide technical assistance (i.e., planning, grantwriting help, engineering) for the facility; or
3. Regulate the facility.

Note that some of the agencies listed under a single heading may only be involved with that facility under **special circumstances.** For example, the DNRC Floodplain Management Program only will be involved with airports if an existing airport is to be expanded into a floodplain or if a new airport is to be constructed (to prevent building in a floodplain). In contrast, the **primary purpose** of some state programs listed is to build or regulate a specific public works facility. For example, the primary purpose of the Department of Commerce Airport Improvement Loan Program is to make loans to municipal governments for the construction or improvement of airports. Because of space restrictions, this index does not distinguish between "special circumstances" programs and "primary purpose" programs.
